

Global Leader in Seismic Equipment Rental and Support Solutions Announces

New Senior Vice President for New Business Development

Houston, TX (March 8, 2013) – Seismic Equipment Solutions (SES) today announced that Mr. Allan Sander has joined the company as Senior Vice President for New Business Development. Al will be based out of the Houston office.

“SES is a growing company with an excellent reputation for exceeding customer expectations,” stated President Travis Barker. “Al’s knowledge and experience within all aspects of the seismic industry is a paramount reason we are excited to have him join the SES team. He is a strategic thinker and brings a wealth of new innovative ideas to our organization. We feel very fortunate to be able to find someone of Al’s caliber to fulfill this role. We view his appointment as a sign of our continued commitment in being the leading rental company within our industry. I’m confident that Al will play a key role in providing high quality solutions for our clients.”

Al has over 21 years experience in the Geophysical Service Industry as a Senior Manager and Business Executive with extensive experience in managing Geophysical Operations in Canada, the U.S., Latin America, Europe and Kurdistan.

Prior to joining SES Al was CEO for Acoustic, LLC. His career experiences also include Vice President of Business Development for Veritas DGC Land, Inc., Manager of Business Development for Veritas Land Surveys and Vice President of Latin America Operations for Veritas DGC Land Inc.

Al holds a Bachelor of Science degree in Geological Engineering (Geophysics) from the University of Saskatchewan, Saskatoon, Saskatchewan, Canada.
