

Global Leader in Seismic Equipment Rental and Support Solutions Announces New

Technical Manager – Latin America

SES Hires Seismic Industry Expert as it Focuses on Expanding its Latin America Market

Houston, TX (January 24, 2012) – Seismic Equipment Solutions (SES) today announced that Mr. Oscar Eduardo Solis has joined the company as Technical Manager for its Latin America operations. Oscar will be based out of the Bogota office.

Oscar earned an Electrical Engineering degree from Universidad de Antioquia, Colombia and has over 20 years experience working in the Seismic industry. He began his career working for Geosource as an observer and field service engineer in various countries throughout Latin America and has held various supervisory positions, most recently with WesternGeco as a Chief Instrument Engineer.

“Oscar’s Field Service background will be a great asset to SES and its customers throughout Latin America,” said Travis Barker, Senior Vice President of Operations. His appointment follows SES’ increased presence and commitment to the Latin America market, further enhancing our technical support.

About Seismic Equipment Solutions

With headquarters in Houston, Texas, a new office and warehouse in Bogota, Colombia and representatives in Moscow, London, Calgary and Jakarta, SES is a global leader in seismic equipment rentals and support. SES provides exceptionally maintained lease equipment, world class field support, training, equipment repairs and parts sales worldwide.

The most technologically advanced lease pool and support services in the industry.
