

Global Leader in Seismic Equipment Rental and Support Solutions Announces

New Vice President of Sales & Marketing for North America

Houston, TX (March 8, 2013) – Seismic Equipment Solutions (SES) is announcing today that we are expanding our sales staff to better serve our customers.

Mr. Ray Mays has joined the company as Vice President of Sales & Marketing for its North America operations. Ray will be based out of the Houston office.

Ray has over 30 years experience working in the Acquisition Seismic industry with P&L responsibilities encompassing all functions related to geophysical data acquisition. Ray has held various VP and supervisory positions in operations and QHSES with Veritas DGC, Inc., CGG, Global Geophysical Services, and most recently with Green River Energy Resources as General Manager.

Ray has an Associate Degree from Tyler College in Land Surveys and also completed the Executive Business Program for Managers from Rice University's Jesse H. Jones School of Business.

In addition to hiring Ray, SES has also added Deborah Luckenbill as an Account Executive for our U.S. territory reporting directly to Ray. Deborah comes to SES with over 20 years of sales and customer service experience. "This expansion of our sales organization demonstrates our commitment to the North American market, and further strengthens our ability to meet the needs of our customers in this region," noted Perry Johansson, Senior Vice President of SES.

About Seismic Equipment Solutions

With headquarters in Houston, Texas, an office and warehouse in Bogota, Colombia and representatives in Moscow, London, Calgary and Jakarta, SES is a global leader in seismic equipment rentals and support. SES provides exceptionally maintained lease equipment, world class field support, training, equipment repairs and parts sales worldwide.

The most technologically advance lease pool and support services in the industry.
